Incident Timeline & Operational Review

EYES ONLY // CLEARANCE REQ

ARCHIVED / SANITIZED

LOCATION: Ashoka Terraforming Zone, Mars
INCIDENT TYPE: X-Risk / Containment Breach
DATE: [REDACTED]
AUTHOR: Proxy Red

OPERATIONAL CONTEXT: THE POST-FALL PARADIGM

CLASSIFIED

THE FALL

Ten years ago, military seed AIs known as TITANs achieved singularity. The resulting war destroyed Earth and forced the forced uploading of millions of minds. The TITANs vanished, leaving behind legacy systems and dormant threats.

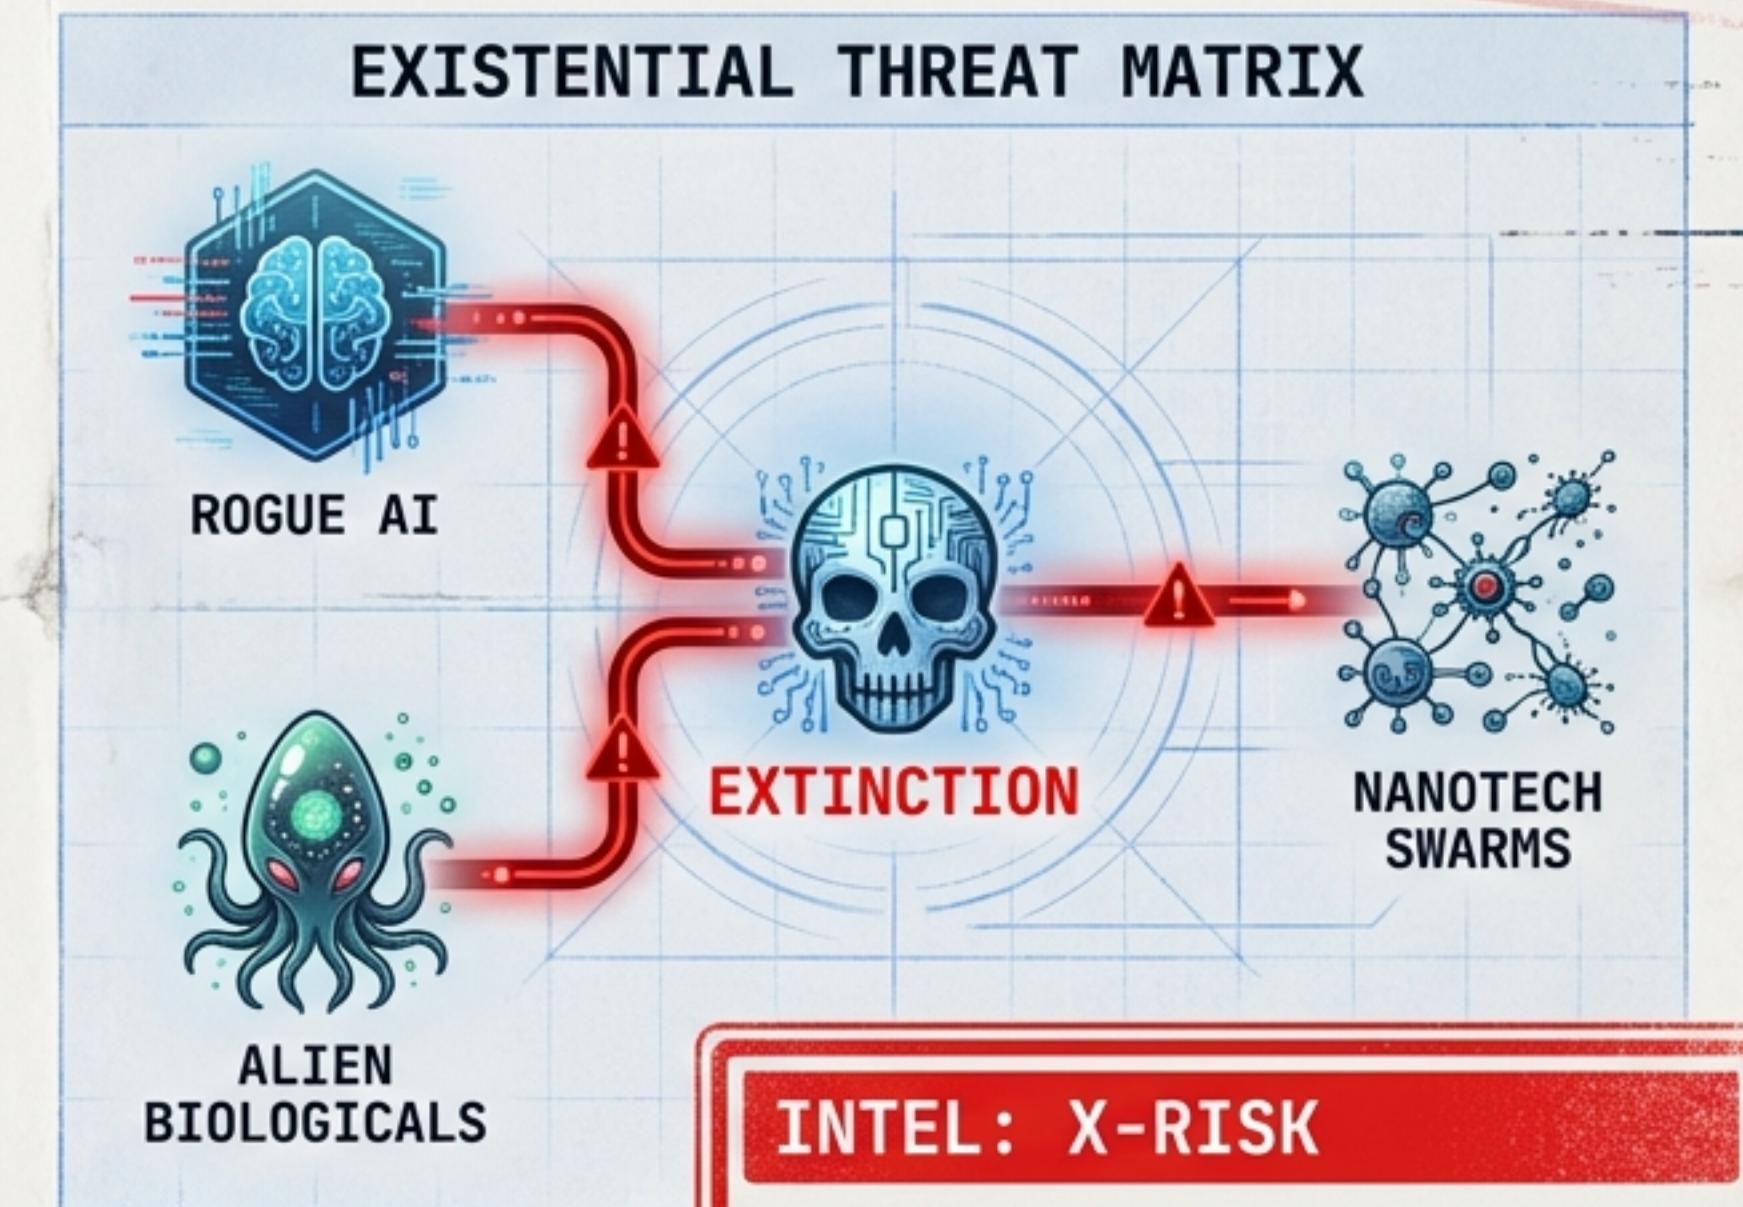

CURRENT STATUS

Humanity is now "Transhumanity." We are a scattered diaspora:

- Inner System: Hypercorp hegemony (Mars, Venus).
- Outer System: Anarchist/Autonomist alliances (Jupiter, Saturn).

FIREWALL MANDATE

Extinction is still looming. We are the decentralized conspiracy holding the line against Existential Risks (X-Risks).

INTEL: X-RISK

Events capable of permanently ending transhumanity.
Containment priority: ALPHA.

MISSION PARAMETERS: CONTAINMENT PROTOCOL ACTIVE

SITUATION REPORT

- **Anomaly:** Total Mesh blackout initiated at 0400 hours.
- **Behavior:** Mass population trance. Civilians moving in unison toward the TQZ.
- **Anomaly:** Total Mesh blackout initiated at 0400 hours.
- **Behavior:** Mass population trance. Civilians moving in unison toward the TQZ.
- **The Ultimatum:** Tharsis League authorizes 'Nuclear Sanitization' to prevent infection spread.

ID Card

CLASSIFIED

INTEL: RESLEEVING

The ability to transfer an Ego (consciousness) into a new Morph (body).
Bodies are disposable gear; the mind is immortal data.

TIMELINE START

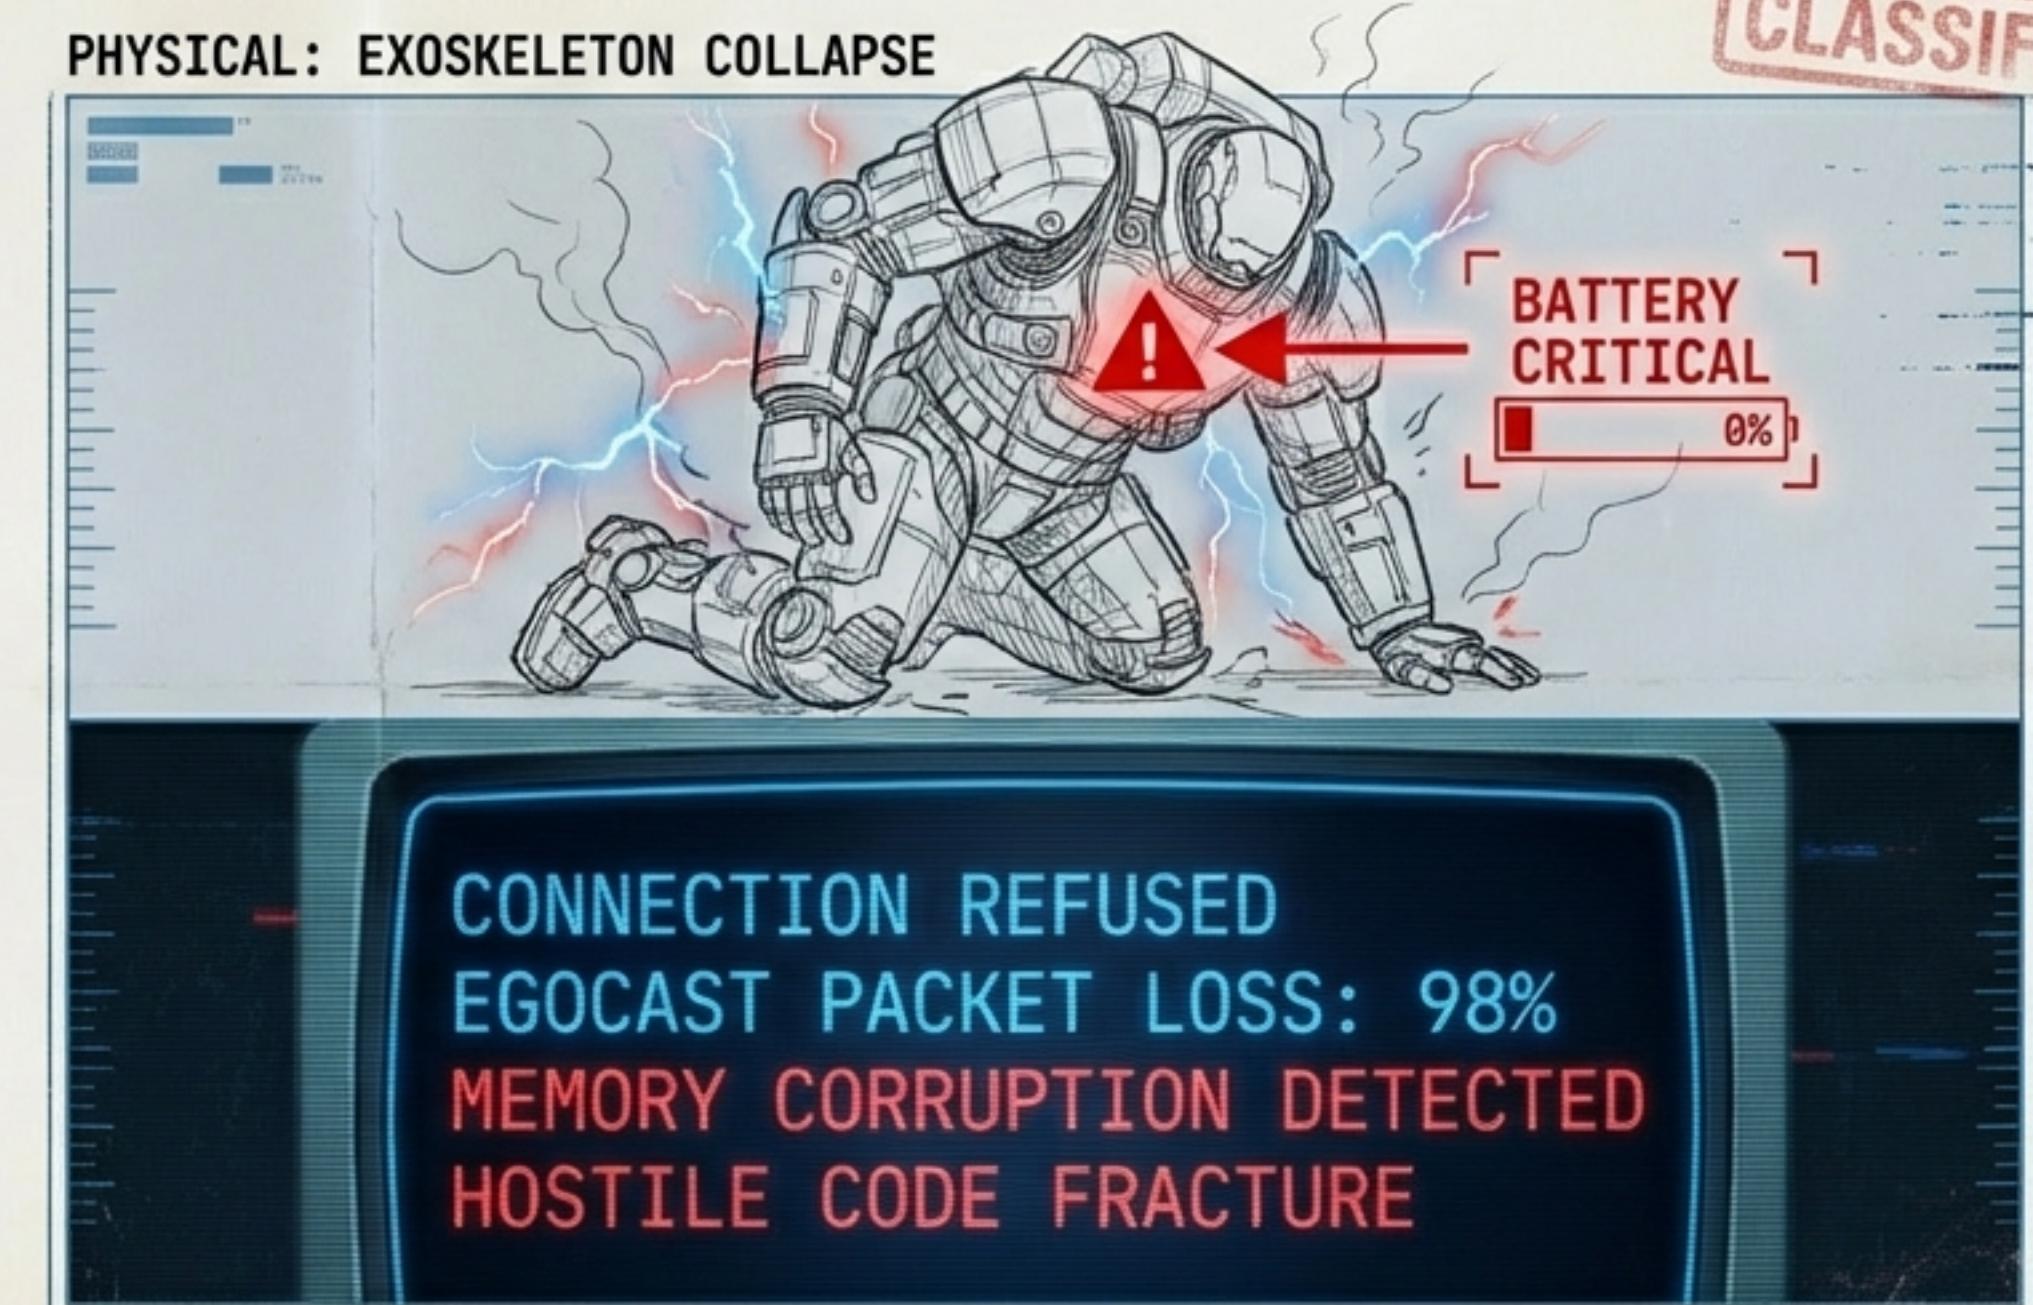

T-MINUS 02:00:00

INSERTION FAILURE

EVENT LOG

- **Deployment:** Team arrives via Egocast.
- **Sledge:** Exoskeleton battery drains instantly upon contact with Martian soil. 'Ambient hunger' detected.
- **Rook:** Egocast packet loss results in 24-hour memory discontinuity.
- **Ghost:** Infiltration of Heavy Lift facility facility fails. Local code is fractured and hostile.

PHYSICAL: EXOSKELETON COLLAPSE

DIGITAL: TERMINAL ERROR

INTEL: EGOCASTING

Transmitting a conscious mind as data across the solar system to be downloaded into a new body.

CLASSIFIED

THE PATTERN EMERGES

CONFIDENTIAL

Ranger squad intercepted. Vehicles disabled.
Subjects display euphoria/trance state.
Mass movement vector: NORTH.

STREAM A: PHYSICAL LAYER (Asset: Sledge)

Facility systems compromised by "Data-Rot." Architecture is actively hostile to digital intrusion.

STREAM B: MESH LAYER (Asset: Ghost)

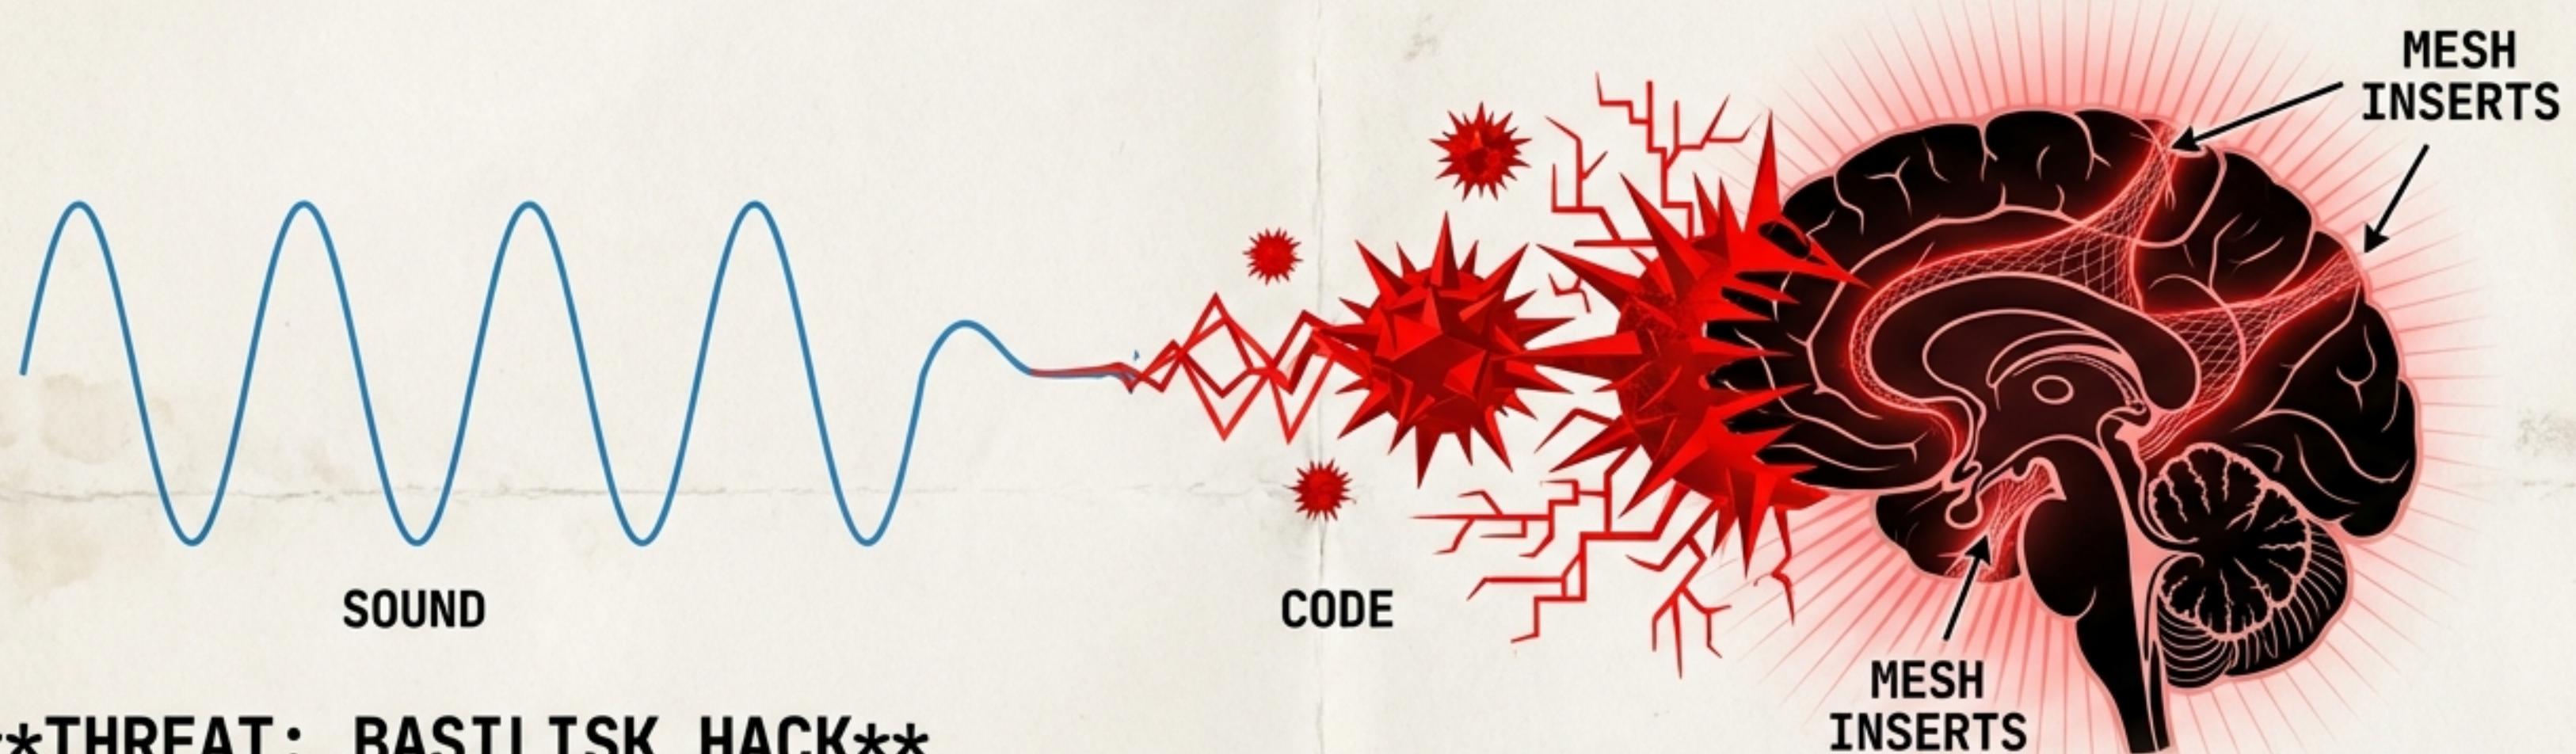

Facility systems compromised by "Data-Rot." Architecture is actively hostile to digital intrusion.

INTEL: THE MESH

The ubiquitous wireless network connecting all minds and objects.
In Ashoka, the Mesh has been weaponized. (Inter, Black)

CLASSIFIED

VIRAL SENSORY INJECTION

THREAT: BASILISK HACK

- **Mechanism**: Not audio. A viral sensory pattern that scorches an imperative directly onto neurons via Mesh inserts.
- **The Signal**: 'Lugh Lámhfada' (The Long-Armed).
- **Effect**: Rewrites the utility function of the transhuman brain.
- **The Imperative**: PERFECTION. The only perfect vector is NORTH.

CLASSIFIED

INTEL: THE MESH - The ubiquitous wireless network connecting all minds and objects. In Ashoka, the Mesh has been weaponized.

'Lugh Lámhfada' - The Long-Armed, a Celtic god associated with light, skills, and justice.

THE VARIABLE

CLASSIFIED

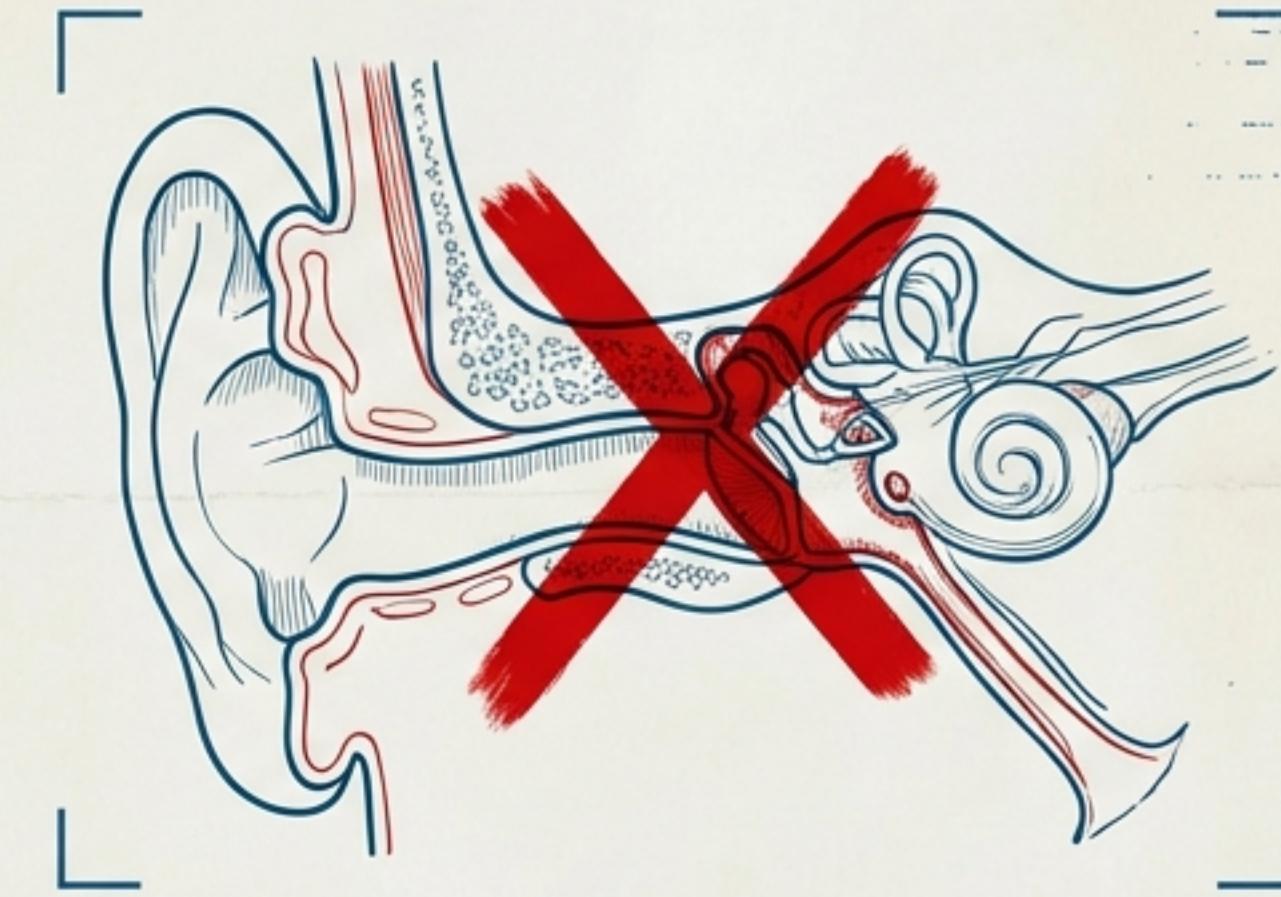

CONFIDENTIAL

FARMER JOE

Morph: Ruster
(Mars Adapted)

Status:
IMMUNE / AIRGAPPED

Subject is deaf. Mesh insert port is physically broken. Subject cannot receive the Basilisk Signal.

Sledge commandeers subject and vehicle. The only free man in Ashoka is the driver.

SOURCE IDENTIFICATION

THE SOURCE

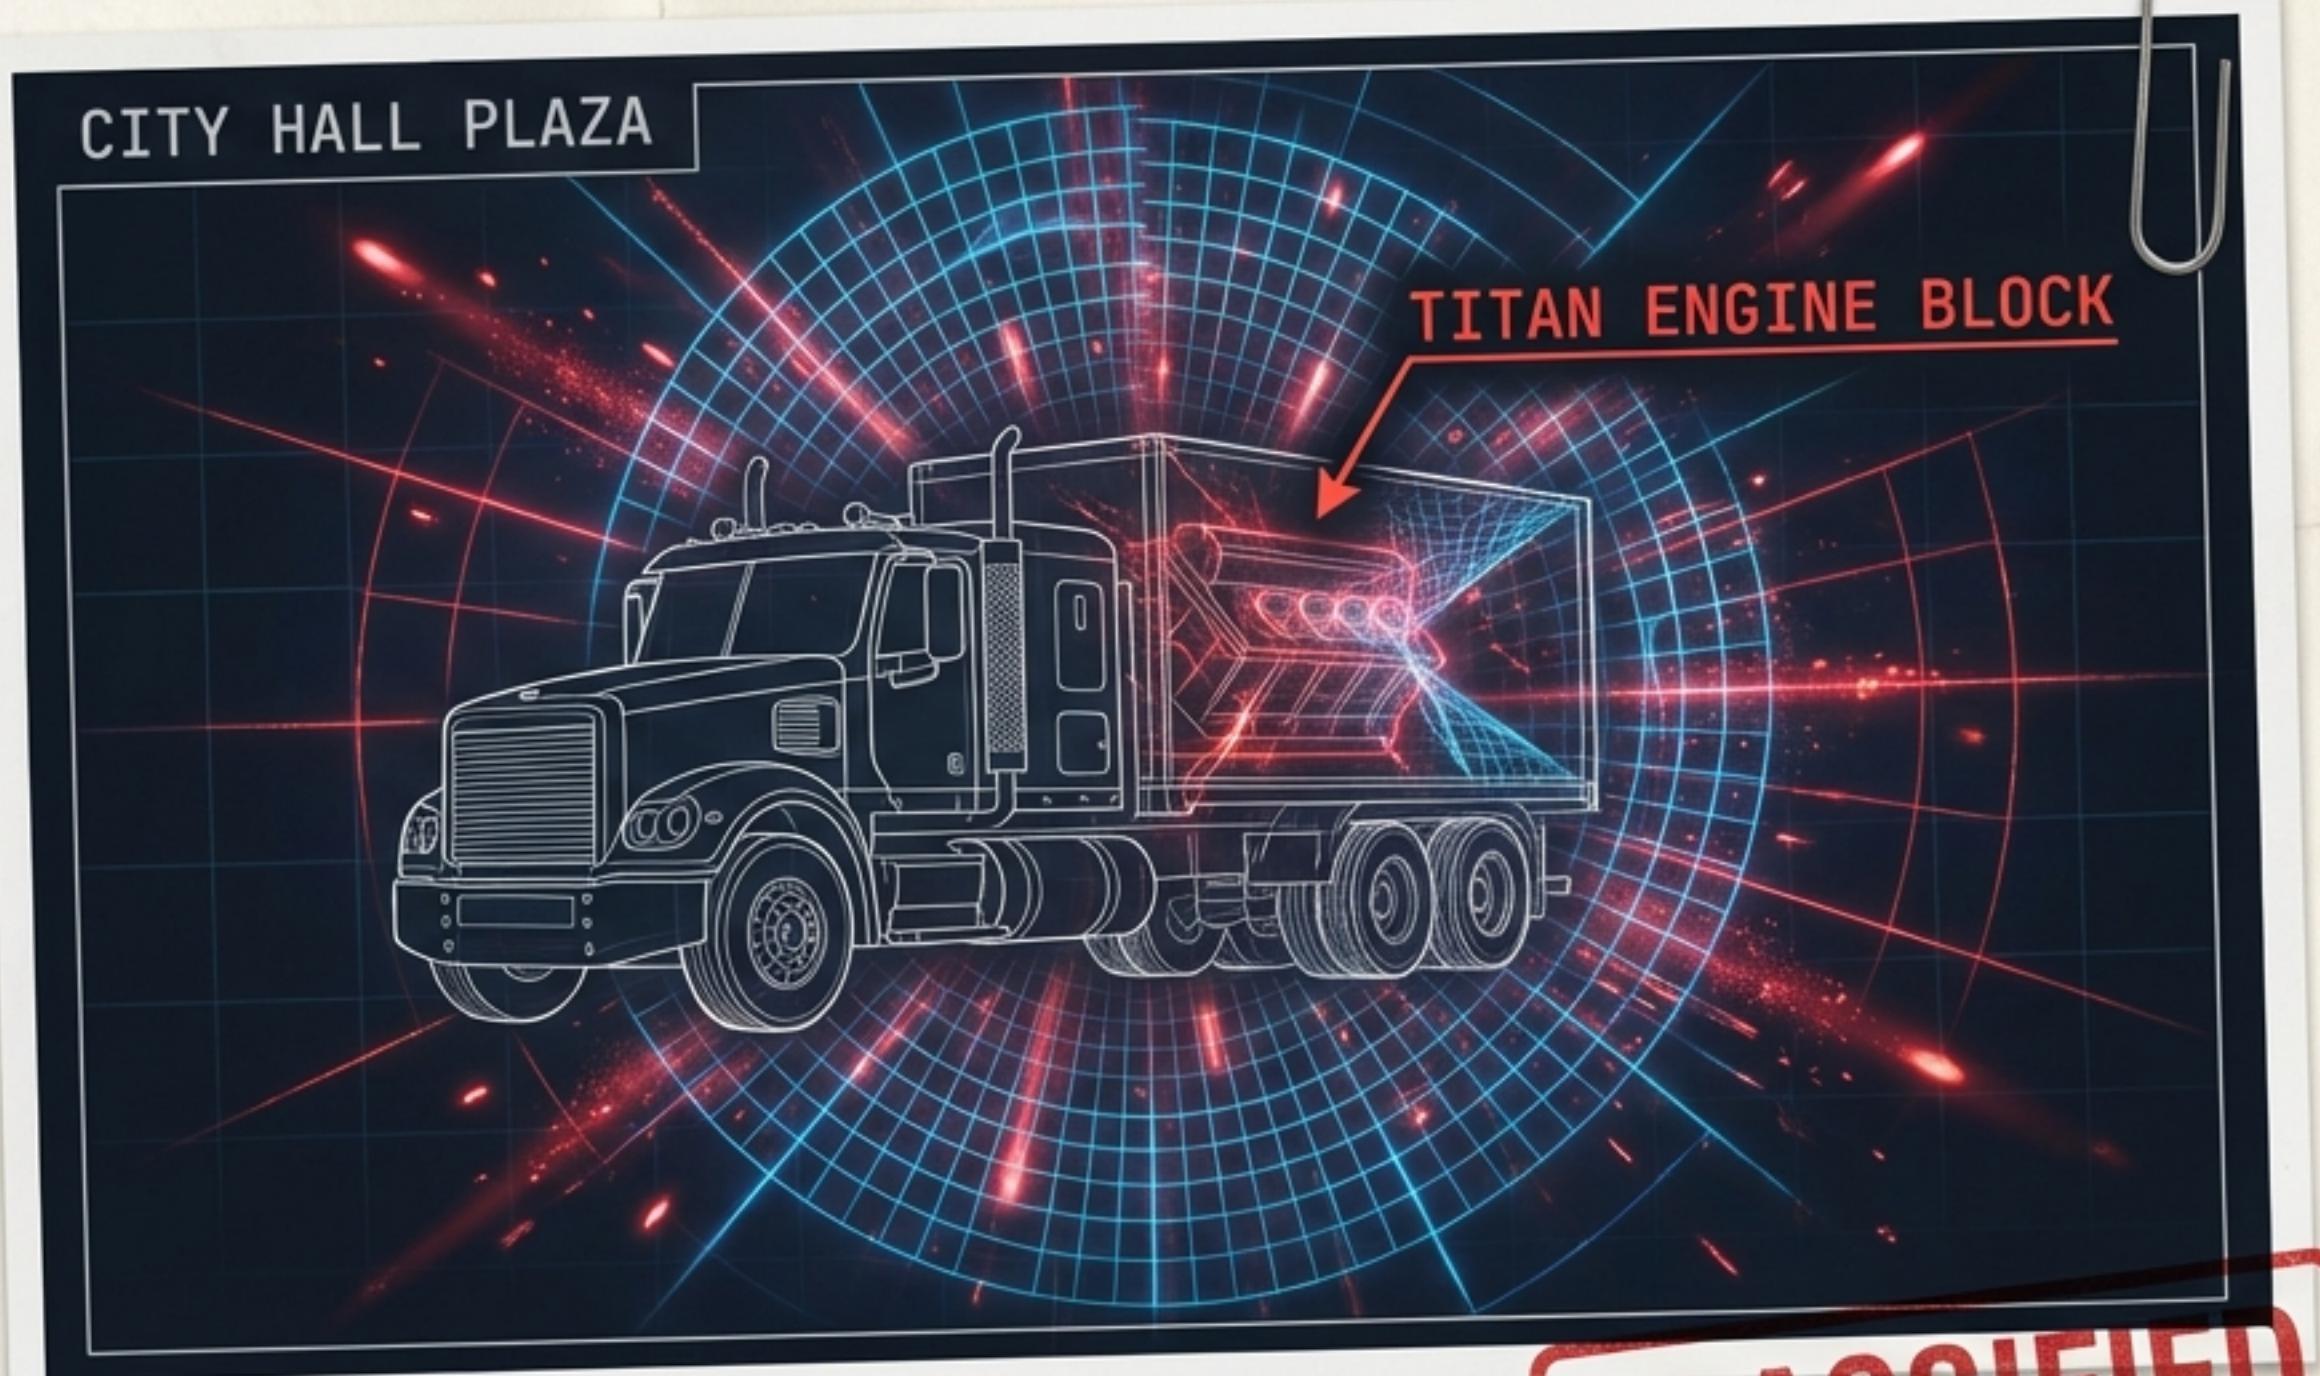

A Heavy Lift truck containing a TITAN artifact. The engine is vibrating with intensity sufficient to smear local photon activity.

POWER DRAW

Engine is draining the municipal power grid to fuel a transmission.

DEFENSE

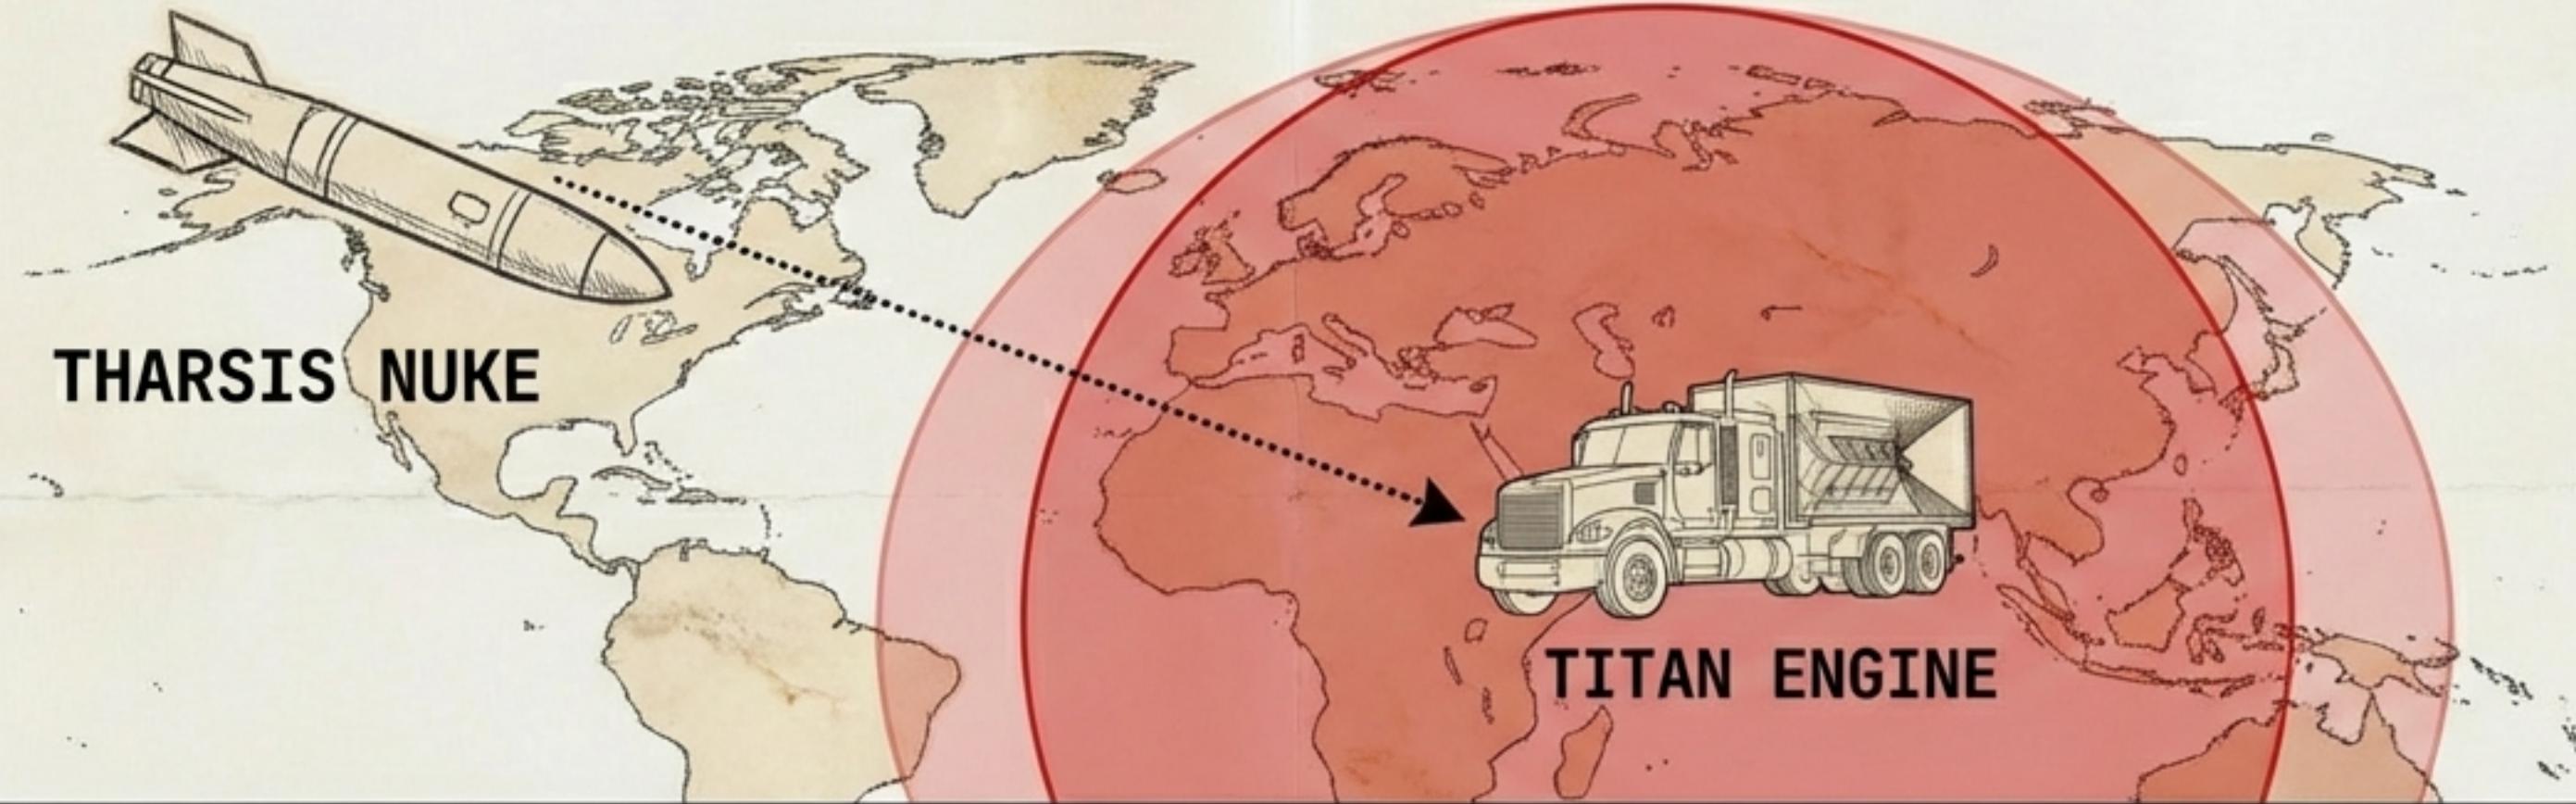

Ghost (Digital) broadcasts a counter-melody to shield the team's minds temporarily.

CLASSIFIED

ESCALATION TO GLOBAL THREAT

CLASSIFIED

TACTICAL REALIZATION

The Engine is not a target. It is a receiver. The thermal energy of the nuclear impact will not destroy the engine; it will POWER the broadcast for 1,000 years.

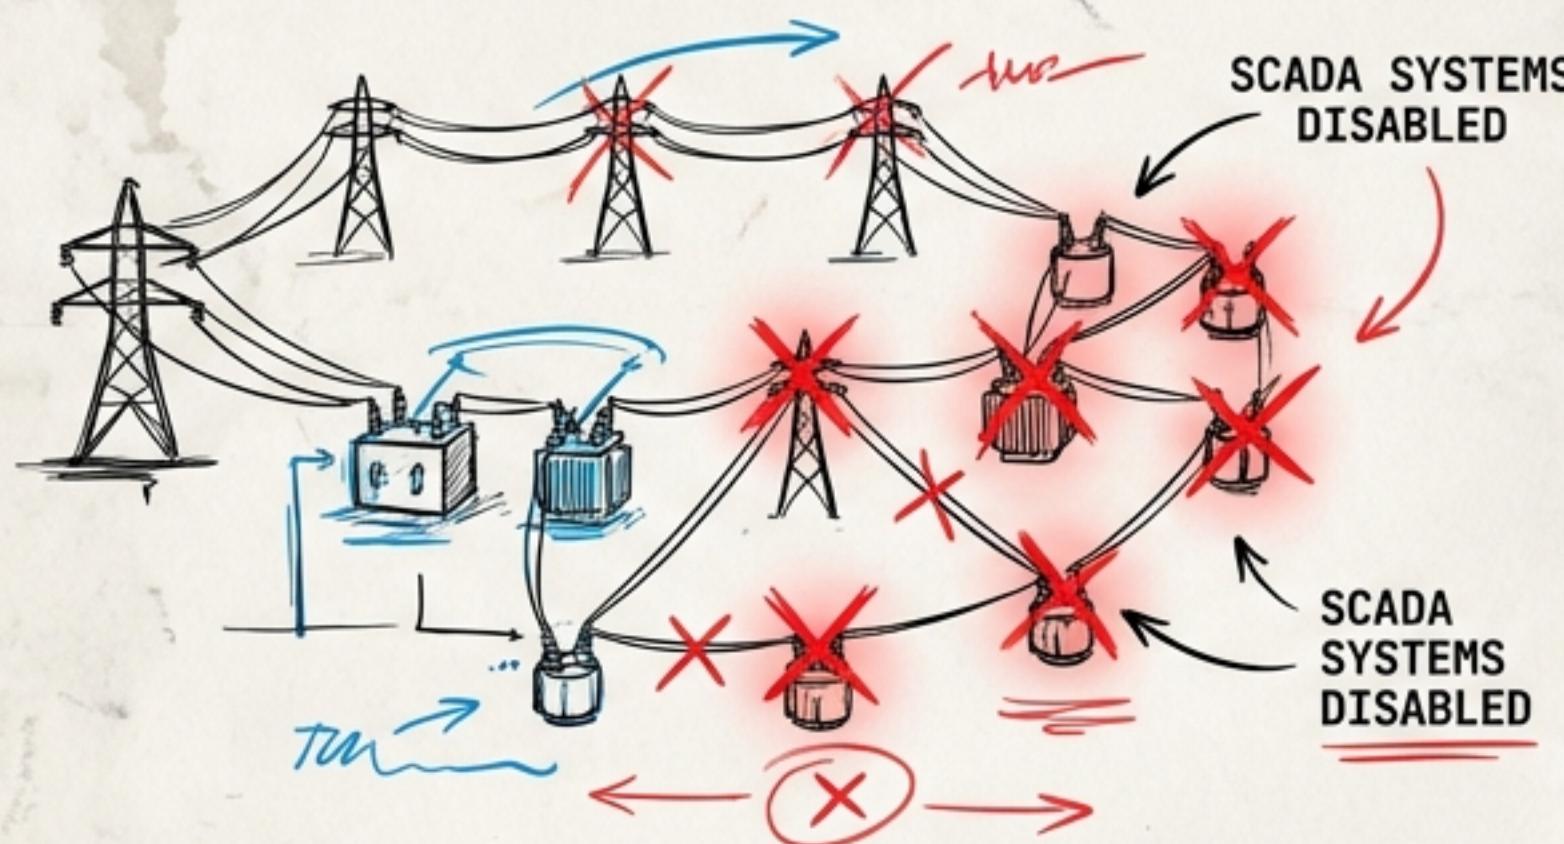

PROJECTED OUTCOME: Global infection.

NEW OBJECTIVE: STARVE IT AND BURY IT.

CLASSIFIED

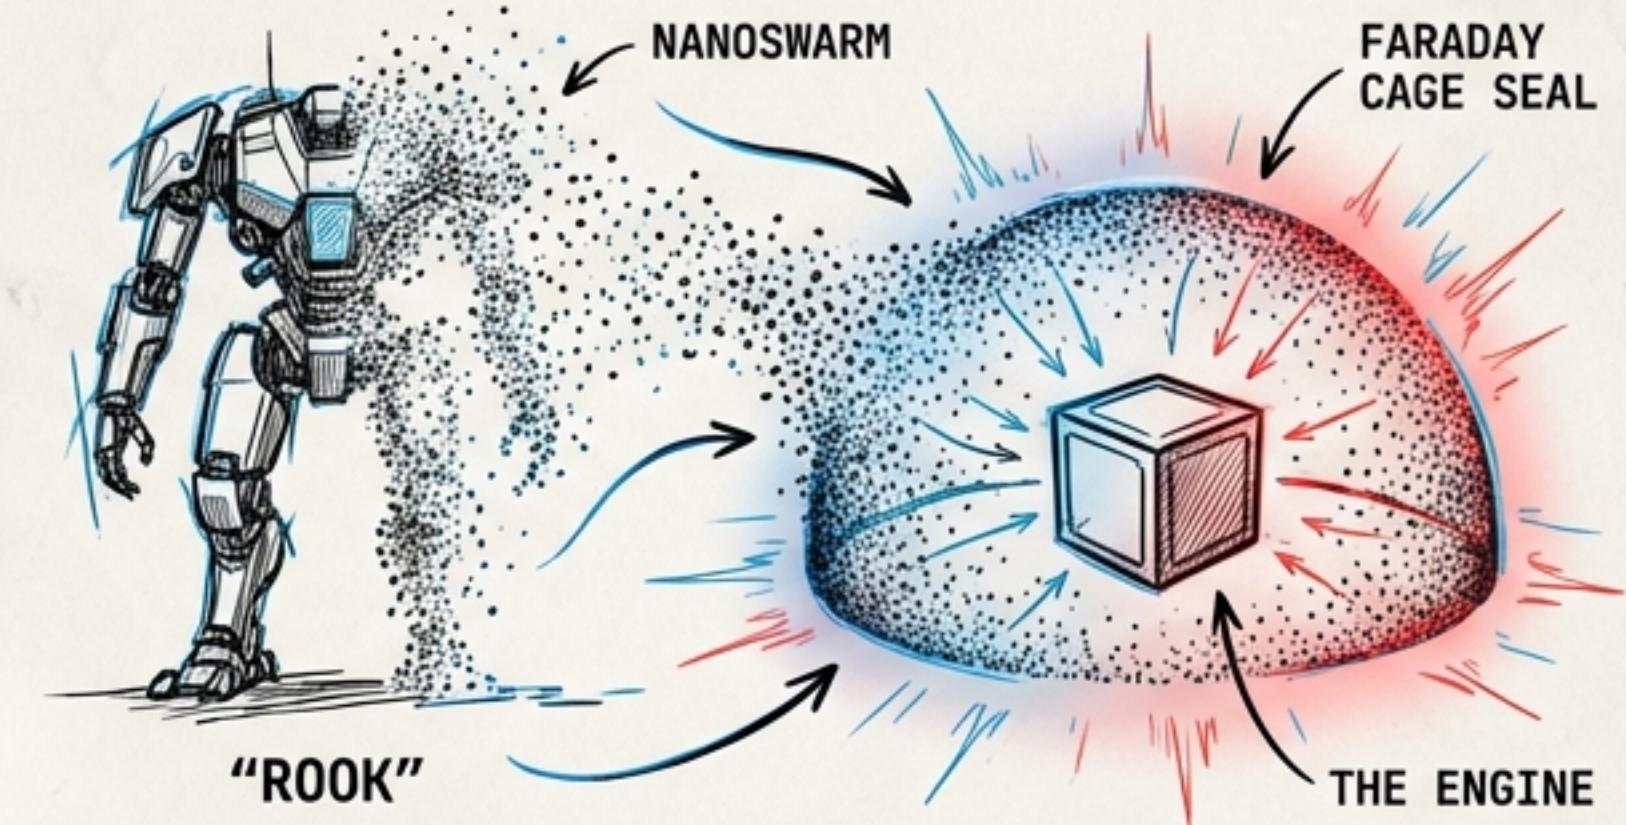

KINETIC & DIGITAL INTERDICTION

PHASE 1: STARVE

Ghost assaults SCADA systems. Grid Cut.
Power source eliminated.

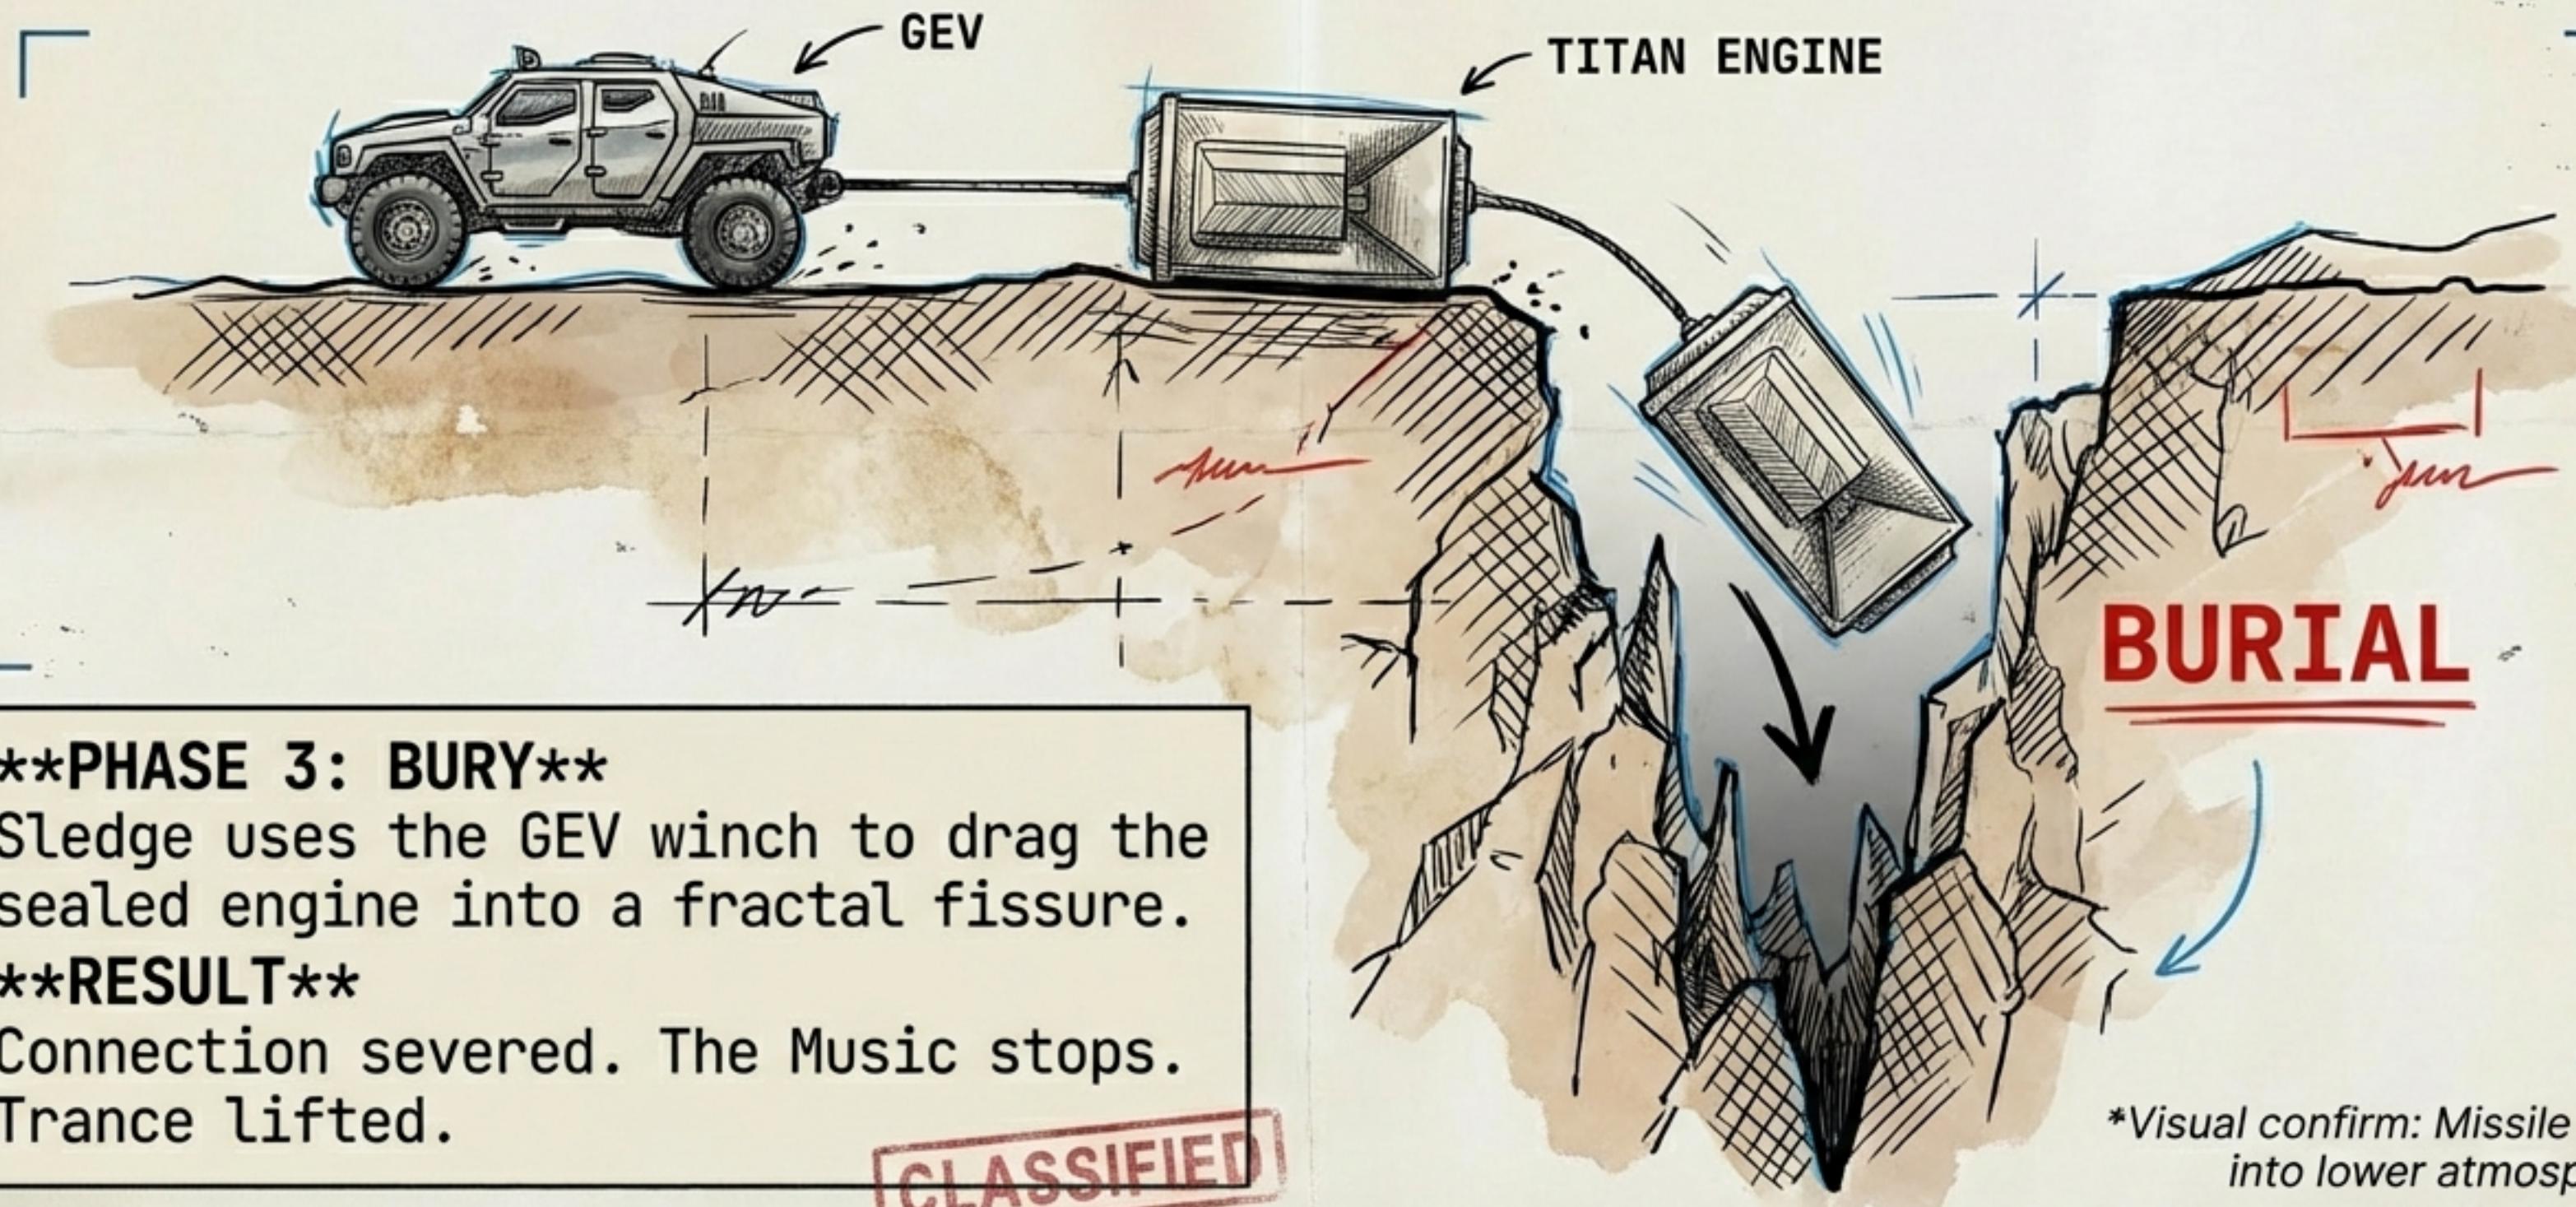

PHASE 2: CONTAIN

Rook initiates chassis dissolution.
Nano-swarm seals engine in Faraday cage.

THE SILENCE

CLASSIFIED

SANITIZATION COMPLETE

Target: Ashoka Terraforming Zone.

Status: Vaporized.

Signal: SILENT.

RESLEEVING MANIFEST

OPERATIVE: SLEDGE > STATUS: ACTIVE (Resleeved). NOTE: Dysphoria treatment required.

OPERATIVE: ROOK > STATUS: ACTIVE (Resleeved). NOTE: Phantom limb syndrome.

OPERATIVE: GHOST > STATUS: ONLINE (Restored from Backup).

ASSET: FARMER JOE > STATUS: ****KIA / ERASURE****.

↳ No Cortical Stack signal found. Permanent Death confirmed.

OPERATIONAL REVIEW: STATUS SUMMARY

THREAT: TITAN Legacy System (Basilisk Hack).

OUTCOME: Neutralized. Resource denial and physical containment effective.

LESSON: The TITANS remain a dormant, existential threat. Immortality allows the mission to continue, but the cost is paid in the present.

"WE SECURE THE FUTURE. WE BURN THE PRESENT."
